## WELCOME TO KANSAS CITY!

Kansas City is an energetic city forged by a rich history and brimming with activities to keep NCSA visitors entertained. For barbecue lovers, the city's signature food can be found at more than 100 barbecue establishments. Discover unique museums, including the world-class, the Negro Leagues Baseball Museum and the American Jazz Museum, WWI Liberty Memorial Museum, Steamboat Arabia and the beautifully restored Union Station. Shopping is elevated to an art form at the beautiful Country Club Plaza and Hallmark's Crown Center. This city is passionate about the arts. Pack your bags early and discover something unique and unexpected.

**Educational Benefits**

### EDUCATIONAL BENEFITS

Teaching leadership class and advising student activities is far from the traditional classroom experience. Every activity you teach should have a leadership lesson. Network with other Leadership Class & Student Activity teachers from around the United States to learn hands on

Explore. Share  
ideas. Learn.

activities, skills, and curriculum ideas.

This Pre-Trip will incorporate sharing leadership ideas and activities as we tour many of the historical/educational sites, traditions, and unique events in Kansas City. Being able to share your experiences with fellow teachers and activity directors who work with student leaders is a must have experience. We will focus on how to motivate your students to help students realize their potential and the importance of being a leader.

Even more chances for learning! We've built in specific idea sharing topics throughout the day!
